OBJECTIVE

I seek challenging opportunities in software development where I can fully use my skills for the success of the organization.

EDUCATION

Degree	Institution	Score
BE (Electrical Engineering)	AIKTC (Anjuman Islam Kalsekar Technical Campus) *Panvel*	8/10 CGPA (2019)
HSC	SNGC (Shree Narayan Guru College) *Chembur*	68% (2015)
SSC	Veer Savarkar Hindu Vidyalaya *Govandi*	78% (2013)

SKILLS

Languages:
  JavaScript
  Python
  C
  Html

FrameWorks:
  NodeJS
  ReactJs

DataBases:
  SQL => MySql
  NoSql => MongoDb

Machine learning:- (Numpy,Pandas,Matplotlib, Seaborn,Sklearn)

EXPERIENCE

Working as a FreeLancer and below are the projects I have Completed:

1) An E-commerce Websites With Node Js ,Html,Css,MongoDB,Express: (with Authentication Session Based,Authorization,Validation etc..)

2)Developing Burger Shop Using ReactJS Technology (currently developing):

3)AngularPhpCrud operation with Sql Database:

4)Audio Assistant With Python:

Here I have used these different libraries
Such as Webbrowser,Datetime,Pyaudio,OS,Wikipedia etc to build
Basic audio assistant.

5)Predictions Using Raw Data:

 Here I have used Raw DATA to make predictions by using Libraries like Numpy,Pandas, Matplotlib,Sklearn

AWARDS

Participated in International conference in DATTA MEGHE COLLEGE OF ENGINEERING

Completed UDEMY python 3 course

First prize in Running,writing,Drawing

LANGUAGES

English,Hindi
